For the Skeptics!

VERY VALUABLE REMEDY.
I am suffering recently from a severe cold, resulting in great pain in the lungs, with all the symptoms of congestion, a cough, and considerable loss of sleep. A single dose relieved the acute and continued its use for a day and the cold, attended with a severe cough, was completely cured. I have since used it in my family for colds, with instant and reliable results. I consider it one of the most valuable remedies I have ever used.

This image shows a vertical strip of a document, likely a scan of a page from a book or a narrow section of a larger document. The left side of the strip is dominated by a dark, heavily textured area, which appears to be the binding or gutter of a book, showing signs of wear and discoloration. To the right of this dark area is a lighter, more uniform region, possibly representing the page itself, though it is mostly obscured by the dark binding. The overall appearance is that of a high-contrast, black-and-white scan of a physical document.

A vertical strip showing a close-up of a textured surface, possibly a book cover or endpaper, with a dark, irregular border on the right side.
